

Reflections Program

The National PTA Reflections Program is an arts recognition and achievement program for students. The Reflections Program provides opportunities for students to express themselves creatively and to receive positive recognition for original works of art inspired by a pre-selected theme, while increasing community awareness on the importance of the arts in education.

The Reflections Program was established in 1969 by National PTA board member Mary Lou Anderson. Since that time, more than 10 million students have participated in the program. The program's longevity and participation figures attest to its strength. The excitement and enthusiasm that the program generates for children, parents, schools and communities is unmatched.

Participation and appreciation for the arts is the Reflections Program's goal. Although the Reflections Program follows a "contest" format, winning should not be the emphasis.

Participation in the Reflections Program is a great way for students to explore and learn about various art forms. Creating art is a valuable learning process that challenges students to use their critical thinking skills as well as their creative talents to create art that supports a specific theme.

Students may submit an entry in any of the six arts areas: Literature, Musical Composition, Photography, Visual Arts, Dance Choreography, Film/Video Production. Only original works of art are accepted. There are also four grade divisions—primary, intermediate, middle/junior, and senior. Each grade division is judged separately.

Participation in the Florida PTA Reflections program is open to all students in attendance at PTA/PTSA schools where the program is sponsored. Entries are forwarded through channels. Local Units advance entries to County Councils, and County Councils advance entries to state level.

The 2010-2011 Program Theme is:

"Together we can"

The 2011-2012 Program Theme is:

"Diversity means. . ."

And now Florida PTA Proudly Presents our 2010-2011 Award Winners

*Dance Choreography
Awards of Excellence 2010-2011
