

How do I upgrade to Store 2.0?

If you are ready to upgrade your MemberHub store to 2.0 please follow these 4 steps below:

1. **Visit the Store Admin** by clicking the store admin button on the top of your MemberHub site.

2. Click the green **View the Upgraded Store** button on the top right. You will be taken to a preview of the new store. From the preview, you can add and edit items/categories and explore the new store admin to get a feel for the upgrade!

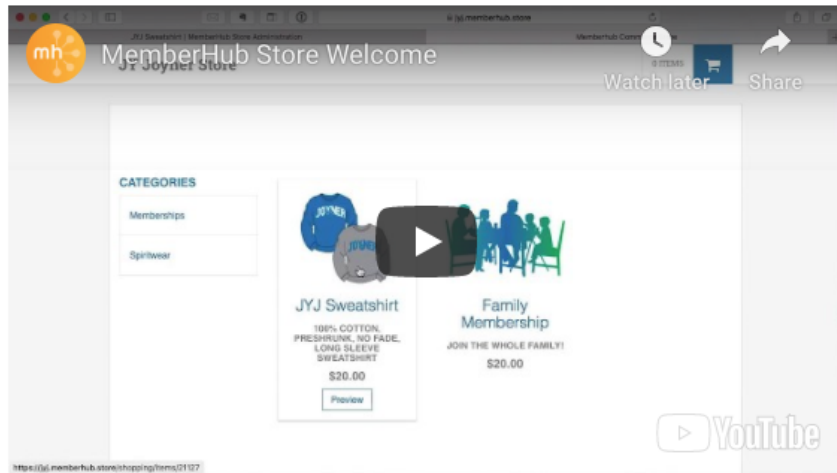

[Go to MemberHub](#)

Dashboard

Welcome to Your Store Admin Site!

3. **Setup Stripe** - So that you are ready to open your new store when you finish the upgrade process. Click the **connect to Stripe** Link under the green Update to this version button.

Update your e-store to get new features!

Click the button below to use this upgraded e-store experience. You'll get a better look and feel, inventory tracking, enhanced reporting and an exciting new feature called Givebacks. Givebacks allows you to feature special offers from businesses in your e-store and get up to 20% donated back on all sales. When you click to update, all of your e-store order history and items will carry over to your new experience.

Update to This Version

To avoid store downtime, you must first [connect to Stripe](#)

4. **Click Connect** on the next pop up to be taken to Stripe setup. Check out the step by step guide on [how to setup Stripe](#).

Benjamin Franklin Middle School PTA × Stripe Integration

Stripe is the best software platform for running an internet business. Stripe handles billions of dollars every year for forward-thinking businesses around the world.
